

Wisconsin Model Hospitals

A model hospital is one that dispenses emergency contraception (EC) without exception to sexual assault victims in their emergency room and has allowed their hospital's results to be displayed publicly. These hospitals do not allow their providers to refuse to provide EC; a basic standard of healthcare. The following model hospitals' EC policies reflect **compassionate care for sexual assault victims**.

<u>Hospital</u>	<u>County</u>	<u>Website</u>
Meriter Hospital	Dane	www.meriter.com
Stoughton Hospital	Dane	www.stoughtonhospital.com
Sacred Heart Hospital	Eau Claire	www.sacredhearthospital-ec.org
