RAISING WOMEN'S VOICES

For The Health Care We Need

Wisconsin Alliance for Women's Health

Wisconsin Women: Raise Your Voice and Share Your Story!

Women have much at stake in the debate over health care reform. The current American health care system has consistently failed to provide access to needed care for many girls and women. It has also created tremendous challenges for the women who coordinate health care for our families.

To ensure women's health is included in every health care reform discussion, we ask that you share your personal story about your experience with the health care system and, based on those experiences, what changes you would like to see. ***To share your story, please email it to info@wiawh.org, fax it to (608) 256-3004, or send it to WAWH at PO Box 1726 Madison, WI 53701.***
